

HAPPY FEET RETURNING STUDENT FORM

It's time for scheduling for our 2011-12 dance year! We are proud of the program we offer to our continuing students at Happy Feet and we look forward to your participation! While new students are grouped solely by age, our continuing students are grouped with students of similar previous experience and ability. With each consecutive year at Happy Feet, our students continue to advance and progress in their study of dance. We sincerely hope that you (adult students) or your child will be joining us for another wonderful year at Happy Feet!

Parents, please talk this over with your child before returning the form. Please be sure that she/he understands that this is a commitment for next year. A great deal of time goes into scheduling based on this form. When scheduling, our first priority is the proper placement of each student. After this has been considered, the individual scheduling requests (friends, carpools) will be considered.

Please return this form ASAP, to 200 Eldridge Ave, Mill Valley, 94941, or to the studio. Please fill out a separate form for each student and each class that the student is registering for.

In order to offer a dance program of high quality where continuous progress is made, our class sizes are limited and we do not divide the year into sessions. Please enclose a \$60.00 non-refundable tuition deposit per student/per class. \$30.00 will be applied towards each tuition installment next year. THANK YOU!
